Subject: RE: State Midyear documents for the Mega Brief
Attachments: Midyear papers as of 1700 on Thursday May 1, 2014

Following up – if you haven't yet reviewed the write ups, please use the versions attached to this email, which I understand have been revised and updated.

If you have already reviewed the write ups, please disregard this email. No need to review another version. I understand that the revisions were minor, and shouldn't trigger the need to review them again.

I understand that I've created some confusion about requested deadlines. To be more clear: please respond to Anthony, copying Bob and me, by COB this coming Wednesday, 5/7. If possible, Anthony would like to hear from you by 11 am tomorrow (Friday 5/3), but I've alerted him that it probably won't be possible.

Please review the parts of the attached documents specified below, and respond to Anthony, copying Bob and me, by COB this Wednesday. Please highlight any changes, and please limit your changes to significant legal issues, as we'll be asking to make changes to drafts that have already gone to Shaun (we weren't previously given the papers, thus the time crunch).

If by chance you can do your review by 11 am tomorrow, Anthony would appreciate that, but I told him that we'd likely need more time (his email below says 10 am today, but I discussed with him that it wasn't possible). Thus the ultimate deadline of COB Wednesday. Thanks for your help with this, and let me know if you have any questions.

Specifically, please let me know if you think someone else should be reviewing a paper I've directed to you. I did my best to assign these to the people who are handling the substantive work, but if I've made mistakes, please let me know and I'll fix them.

Ex. 5 AC/AWP/DP

Paul here are the papers. We will need your input by 10:00 am tomorrow. The other offices are making changes to these papers as well and I will incorporate. So, at this late point just make your changes and highlight them.

We will need to print these off after the Emergency drill. How many copies do you think we need. My preference is to have all of ARAships/Program offices print their own, I am just saying.
